The Women's Movement: How We Changed Your Life

We hope you enjoyed our webinar, **"The Women's Movement and How We Changed Your Life."**

If you missed it, would like to view it again or want to send it on to friends, here is the link: <https://youtu.be/m8q7yleP7nk>.

Sponsored by the Veteran Feminists of America (VFA), the webinar is a rare first-person account of the women's movement from the people who made it happen. It features Muriel Fox, co-founder of the National Organization for Women, and author of the newly published book, *The Women's Revolution: How We Changed Your Life*. Also participating are Dr. Eleanor Pam, President of VFA, and Christian F. Nunes, President of NOW.

It's critically important to know the stories of the women (and men) who literally changed the world!
